</> SKILLS

○ **LANGUAGES**

`HTML` `CSS` `SQL (Structured Query Language)`

○ **PROGRAMMING LANGUAGES**

`C` `C++` `JavaScript` `Java`

○ **FRONTEND DEVELOPMENT TOOLS**

`Visual Studio Code` `GitHub` `npm(Node Package Manager)` `Postman` `Figma` `Vercel`

○ **COURSE WORK**

`Data Structures and Algorithm` `OOPS Concept` `Operating System` `Database Management System` `Computer Network`

💼 WORK EXPERIENCE

○ **Unified Mentor**
Web Developer Intern, (Oct 2023 - Jan 2024)

- Successfully completed a 3-month intensive training and internship program with Unified Mentor, specializing in fundamental web development technologies like **HTML**, **CSS**, and **Javascript**. Demonstrated proficiency by independently conceptualizing and developing various **Web-based projects**, showcasing problem-solving abilities. Eager to apply acquired skills and contribute to impactful projects in a professional setting.**(Credential)**

🕹 PERSONAL PROJECTS

○ **Ecommerce Website**   *Feb 2024*
https://github.com/kumartusha/Ecommerce_Website

A ecommerce website utilizes **HTML5**, **CSS3**, and **Vanilla JavaScript** to provide a seamless shopping experience. Leveraging **JSON data** for product details, users can easily browse and purchase items. With interactive features powered by JavaScript, such as increasing quantity, customers can customize their shopping experience to suit their needs.Web-Application standards including **Full-responsiveness** **(Demo)**

○ **Expense Tracker Web**   *Jan 2024*
https://github.com/kumartusha/HTML_CSS_JS_PROJECTS

Introducing our expense tracker app, built using **HTML5**,**CSS3**, and powered by **JavaScript**. Seamlessly track your expenses on any device with our fully responsive design. Easily add, edit, and delete expenses to create a comprehensive list, while our app automatically calculates your **total expenses**, ensuring you stay on top of your finances effortlessly.**(Demo)**

○ **Study Buddy Project**   *Jun 2023*
https://github.com/kumartusha/Study-Buddy-Project

Developed a dynamic **Study Buddy Project** using **Core Java**, **Java Swing**, and **SQL**, featuring dual user and admin functionalities. Users seamlessly access and download educational materials uploaded by **Admin**, ensuring a streamlined learning experience. Proficiently managed database integration for robust **data storage** and **retrieval**. This project showcases expertise in **Java programming**, **UI design**, and **database management**, underscoring adept problem-solving and technical proficiency

🎓 EDUCATION

○ **Dr. K. N. Modi Institute of Engineering and Technology**   *2021 - 2025*
B.Tech. (Computer Science & Engineering)   `7.5 CGPA`

○ **Tulsi Ram Maheshwari Public School**   *2019 - 2021*
Class XII (PCM)   `8.2 CGPA`

🎖 CERTIFICATIONS

○ **Git and Github For Beginners** by **IBM**. (https://ibmskillbuild/X3HEdR)   *15 August 2023*

○ **Introduction to Pointers in C++** by **Coding Ninja** (https://goo.gl/X3HEdR)   *20 May 2023*
